

# Tylers Coffees® Joins Forces with UNFI For Boundless Horizons of Expansion

The industry of Food, although mostly overlooked by developed nations, is a topic of potentially unparalleled significance. In 2020, the valuation of the national food distribution sector reached \$265 billion, with the top 10 distributors collectively commanding 50% of the market share.

Among this food distribution controlling class is United Natural Foods, Inc. (UNFI). With an inventory of over 250,000 products and a network of 60 distribution centers across the U.S. and Canada, UNFI is a central force in the international food distribution sector.

## Tylers Coffees® and UNFI: A Blend of Efficiency and Innovation

[Tylers Coffees®](#), The World's First Acid-Free Coffee, founded by Tyler Ornstein, has announced its partnership with UNFI. As Tylers Coffees® integrates its pioneering acid-free coffee offerings with UNFI's gargantuan distribution network, the stage is set for a collaboration that will thrive on efficiency, innovation, and comprehensive support.

UNFI's extensive distribution network can effortlessly connect Tylers Coffees® to an expansive array of consumers and retail locations nationally. With an international reach, UNFI can strategically position Tylers Coffees® in a myriad of different outlets, ensuring a wide availability and visibility in the global marketplace.

### **Perfect Pairing: Tylers Coffees® in Natural and Organic Food Stores**

Natural food stores, renowned for their dedication to nutritious and organic products, are a central avenue for Tylers Coffees®. Specializing in offering a healthy variety of natural and organic foods, these stores are a perfect fit for the brand's premium, acid-free coffee. The ethos of Tylers Coffees® aligns perfectly with their values, birthing a mutually beneficial relationship.

Organic food stores, driven by a commitment to sustainably produced foods and plant-based remedies, are another ideal channel for Tylers Coffees®. The sourcing of "100% Arabica, single-origin coffee beans from USDA Organic Certified plantations" resonates organically with their holistic philosophy.

### **Standing Out in Aisle 5: Tylers Coffees® in Stores**

UNFI's presence is well known in conventional grocery stores, where Tylers Coffees® can easily be positioned as an alternative offering amidst the traditional brews. On the shelves where other brands go to perish, Tylers will stand out within the broader landscape.

Specialty stores, identified by niche products with a narrow focus on rarities, can be another opportunity to be placed on a pedestal. With the Tylers Coffees® one-of-a-kind Z-Roasting process and commitment to excellence, it's destined to make a stir in these niche establishments.

Even convenience stores, frequented by a diverse clientele looking for easy options, can take advantage of having a high-quality brew in their inventory. Discerning customers on-the-go may resonate with Tylers Coffees®.

### **A Healthier Sip: Tylers Coffees® in Healthcare**

The healthcare sector, composed mostly of hospitals and medical schools focusing on healthy living, exudes untapped potential for Tylers Coffees®. With its focus on all-natural processes and quality, the brand can elevate the dietary profile of these institutions and possibly assist patients with gastrointestinal issues.

### **The Digital Grind: UNFI's Expertise in Online Retail**

In online retail, emerging tech is forging the way for a new renaissance, and UNFI's distribution expertise quietly translates effortlessly to this arena. The digital extension of UNFI's bread-and-butter allows Tylers Coffees® to painlessly connect with consumers who are actively seeking premium products across a plethora of e-commerce solutions.

The groundbreaking partnership flourishes in real life and virtual spaces. As consumers increasingly embrace the digital shopping experience over physical retail locations, UNFI has proactively positioned itself to remain an indelible force in food distribution – even in a changing ecosystem.

### **A Taste of Tomorrow: Elevating the Coffee Experience with Tylers Coffees®**

The strategic merging of UNFI's food distribution machine with Tylers Coffees® singular acid-free coffee offerings, has created a long runway for the brand to gain speed to ascend into the stratosphere. From neighborhood bodegas to AI-assisted e-commerce platforms, UNFI has provided Tylers Coffees® with a worldwide distribution network of retail solutions that will allow the brand access to physical and virtual locales that it may have never envisioned prior.

And this will delight us all when we can get a fresh cup of Tylers Coffees® at the Pyramids of Giza.
